Grading & Evaluation:

1. Attendance and participation (Daily quizzes) 40%

Attendance check will be strictly enforced. As the all lectures will be conducted online, students' attendances will be confirmed by viewing video lectures and taking simple quizzes. A quiz will be given every class, and students must take the quiz by the designated time and date. The quizzes will cover the lecture materials and may include questions addressed in the video. There will be 20 quizzes provided. 2-point will be deducted for each missed quiz. No make-up quizzes will be offered unless provided documented evidence.

2. Weekly Assignments 30%

A speaking assignment will be given every week, and students must submit it by the designated time and date. There will be 5 assignments total. The grade will be based on completion, so if a student submits the homework on time, she/he will get full point but if late, it will cause 1-point off the original score per day. No extra work will be given to individual for a make-up purpose.

3. Tests 30%

Students must take examination on the scheduled date. Students are not permitted to take make-up exams, without a valid medical note written by a doctor certifying a student could not physically take the exam. Notes from pharmacies or receipts from hospitals are not acceptable excuses. The make-up exam will be taken within one week of the actual test date (any later and the student will receive a zero) and the highest grade for make-up exams is 90% of the total grade.
