## Grading & Evaluation:

### 1. Attendance (Daily assignments and Attending Office hours) 48%

Attendance check will be strictly enforced. As the all lectures will be conducted online, students' attendances will be confirmed by viewing video lectures and submission of daily assignments.

An assignment will be given every class, and students must submit it by the designated time and date. The assignment will be including simple quizzes. There will be 16 daily assignments provided. 3-point will be deducted for each missed assignment. For late submission, 1-point will be deducted per day.

There will be a live class every week. Attending the live class is mandatory.

### 2. Weekly Assignments 20%

A speaking or writing assignment will be given every week, and students must submit it by the designated time and date. There will be 4 assignments total. The grade will be based on completion, so if a student submits the homework on time, she/he will get full point but if late, it will cause 1-point off the original score per day. No extra work will be given to individual for a make-up purpose.

### 3. Tests 32%

There will be 4 speaking tests. Students will have speaking tests on the day they have live classes.

Each test worth 8 % of final grade. Students must take examination on the scheduled date.

Students are not permitted to take make-up exams, without a valid medical note written by a doctor certifying a student could not physically take the exam. Notes from pharmacies or receipts from hospitals are not acceptable excuses. The make-up exam will be taken within 3 days of the actual test date (any later and the student will receive a zero) and the highest grade for make-up exams is 90% of the total grade.
