### **Course Description:**

The purpose of this course is to provide the student with a basic understanding of the legal and regulation system in business world, and its effect on our day-to-day activities. The primary emphasis will be in the area of business and business-related transactions. However, since individual rights and duties are the foundation of the rule of law, consideration will also be given to the impact of the law in other areas as well. The course will be taught in primarily a lecture/class discussion format.

### **Course Objectives:**

Our study of the legal and ethical environment of business is designed to help students accomplish the following objectives:

- 1. Recognize legal and ethical issues when making business decisions.
- 2. Gain an enhanced understanding of legal rules and ethical constraints.
- 3. Improve analytical problem solving and ethical decision making skills.
- 4. Apply knowledge and skills to address and manage potential problems before they
- 5. become actual, expensive problems.

6. Evaluate expert advice and determine the extent to which it should be incorporated into business decisions.
